Direct Draft

Many of our customers have found that the most convenient and safest way to pay their monthly water and sewerage (if applicable) bill is by **Direct Draft**. Using this method of payment, you still receive your monthly bill just as you do now. After reviewing your bill, if you want us to draft your account, you don't need to take any action. We will draft your bank account on the due date for the amount billed. However, you can stop **Direct Draft** at any time, even after you receive your bill and before the due date, by simply calling us. **Direct Draft** starts and stops per your direction.

To begin Direct Draft, simply fill in the information below and mail back to us along with a voided check.
